## LEASE EXPIRATIONS

### LEASE EXPIRATION REPORT

The Lease Expiration Report prints all leases expiring through today for your entire database. It prints leases that are expiring in expiration date order. It does not page break by Property. It's designed to provide a quick, simplified list of leases that are expiring. It will print only current occupants. It prints the Lease Expiration date, the Occupant name, the Property name and the square footage for that unit.

#### REPORT SAMPLE:

04/17/2000 Lease Expirations Page 1  
Time: 3:18:48 PM
